PRELIMINARNI PROGRAM / PRELIMINARY PROGRAM

13–14. novembar / November 2026 · Kuća Milanovića, Banja Luka

PETAK, 13. NOVEMBAR 2026. | SALA A

FRIDAY, 13 NOVEMBER 2026 | HALL A

13.00–14.10	**Boston intravaskularni imidžing** Boston intravascular imaging Moderatori i panelisti / Chairs & panelists: Željko Živanović, Bojan Stanetić Uživo iz sale / Live from cath lab: Dragan Topić, Nikola Malešević • Boston Scientific IVUS 1-2-3 – Dragan Topić • Intravaskularni imidžing – Bojan Stanetić Intravascular imaging • OCT ili IVUS – Željko Živanović OCT or IVUS • Zaključak – Željko Živanović Conclusions
14.10–14.25	**Kafe pauza** Coffee break
14.25–14.40	**Simpozijum kompanije Abdi Ibrahim** Abdi Ibrahim company symposium Predavač / Speaker: Željko Živanović
14.40–15.20	**Preventivna kardiologaija - konzumiranje cigareta** Preventive cardiology – tobacco use Moderatori i panelisti / Chairs & panelists: Tamara Kovačević-Preradović • Imperativno je prestati s pušenjem, zakonski uslovi, benefit za kardiološkku praksu – Edin Begić Smoking cessation is imperative: legal framework and benefits for cardiology practice • Prestanak pušenja nakon akutnog infarkta miokarda – Bojan Stanetić Smoking cessation after acute myocardial infarction • Tradicionalne cigarete, e-cigarete i HnB produkti - u čemu je razlika? – Željko Živanović Conventional cigarettes, e-cigarettes and HnB products – what is the difference?
15.20–15.35	**Simpozijum SELUTION SLR™ - Advancing DEB First Strategies** SELUTION SLR™ symposium – Advancing DEB First Strategies Predavač / Speaker: Željko Dević
15.35–16.05	**Simpozijum kompanije Novartis “Vrijeme je faktor rizika: zašto je rana kontrola LDL-C važna?”** Novartis symposium – Time is a risk factor: why early LDL-C control matters Moderatori i panelisti / Chairs & panelists: Milica Lovrić, Ljiljana Kos, Miloš Majstorović, Nikola Malešević
16.05–16.35	**Kafe pauza** Coffee break

BLIKAR 2026

PRELIMINARNI PROGRAM / PRELIMINARY PROGRAM

13–14. novembar / November 2026 · Kuća Milanovića, Banja Luka

PETAK, 13. NOVEMBAR 2026. | SALA A

FRIDAY, 13 NOVEMBER 2026 | HALL A

16.35–17.35

Komplikacije kao dio svakodnevice u kateterizacionoj sali

Complications in everyday cath-lab practice

Moderatori i panelisti / Chairs & panelists: Neno Dobrijević, Amar Terzić

- Prikaz slučaja – Amar Terzić

Case presentation

- Prikaz slučaja – Željko Dević

Case presentation

- Prikaz slučaja – Miloš Majstorović

Case presentation

- Prikaz slučaja – Saša Milojević

Case presentation

- Prikaz slučaja – Nikola Malešević

Case presentation

- Prikaz slučaja – Slobodan Marković

Case presentation

- Prikaz slučaja – Zoran Radovanović

Case presentation

18.00

Otvaranje

Opening ceremony

- Plenarno predavanje - Jednosudovna bolest, različite sudbine Stres eho i PCI – dvije strane iste medalje – Miodrag Ostojić

Plenary lecture – Single-vessel disease, different outcomes: stress echocardiography and PCI – two sides of the same coin

20.00

Večera Restoran Integra

Dinner · Integra Restaurant

BLIKAR 2026

PRELIMINARNI PROGRAM / PRELIMINARY PROGRAM

13–14. novembar / November 2026 · Kuća Milanovića, Banja Luka

SUBOTA, 14. NOVEMBAR 2026. | SALA A

SATURDAY, 14 NOVEMBER 2026 | HALL A

09.00–10.10

Hronične totalne okluzije danas u interventnoj kardiologiji

Chronic total occlusions in contemporary interventional cardiology

Moderatori i panelisti / Chairs & panelists: Neno Dobrijević, Aleksandar Redžek

Uživo iz sale / Live from cath lab: Siniša Stojković, Željko Dević, Miloš Majstorović

• Selekcija bolesnika za CTO – Petar Otašević

Patient selection for CTO intervention

• Guiding žice u CTO procedurama - Od karakteristika žice do strategije prolaska okluzije – Željko Živanović

Guidewires in CTO procedures – from wire properties to crossing strategies

• Koronarni baloni – Ivana Iveljić

Coronary balloons

• Da li je ovo moguće? – Davor Vukadinović

Is this possible?

• Hirurška revaskularizacija CTO arterija – Aleksandar Redžek

Surgical revascularization of CTO arteries

10.10–10.40

Simpozijum

Symposium

Moderatori i panelisti / Chairs & panelists: Tamara Kovačević-Preradović

• Simpozijum – Bojan Stanetić

• Primjer iz kliničke prakse – Željko Živanović

10.40–10.55

Kafe pauza

Coffee break

11.00–12.00

Kalcifikovane lezije

Calcified lesions

Moderatori i panelisti / Chairs & panelists: Milovan Petrović, Eduard Margetić

Uživo iz sale / Live from cath lab: Marta Kaluzna, Dragan Topić, Nikola Šobot

• Guiding kateteri i mikrokateteri – Bojan Stanetić

Guiding catheters and microcatheters

• Kalcifikovane lezije - od NC do IVL balona – Eduard Margetić

Calcified lesions – from NC to IVL balloons

• Kalcijum ili nšeto drugo, mnogo truda do uspeha – Aleksandar Jolić

Calcium or something else? A long road to success

• ELCA laserska koronarna aterektomija – Milovan Petrović

ELCA laser coronary atherectomy

12.05–12.20

Simpozijum kompanije Glosarij

Glosarij company symposium

Moderatori i panelisti / Chairs & panelists: Željko Živanović

Predavač / Speaker: Eduard Margetić

12.20–13.00

Simpozijum kompanije Novonordisk

Novo Nordisk company symposium

Moderatori i panelisti / Chairs & panelists: Tamara Kovačević-Preradović

• Simpozijum kompanije Novonordisk – Danijel Đekić

Predavač / Speaker: Edin Begić

BLIKAR 2026

PRELIMINARNI PROGRAM / PRELIMINARY PROGRAM

13–14. novembar / November 2026 · Kuća Milanovića, Banja Luka

SUBOTA, 14. NOVEMBAR 2026. | SALA A

SATURDAY, 14 NOVEMBER 2026 | HALL A

13.00–13.15	**Kafe pauza** Coffee break
13.15–14.25	**Transkateterska implantacija aortne valvule (TAVI)** Transcatheter aortic valve implantation (TAVI) Moderatori i panelisti / Chairs & panelists: Petar Milačić, Tamara Kovačević-Preradović Uživo iz sale / Live from cath lab: Milovan Petrović, Željko Živanović, Nikola Malešević • UZV procjena značajnosti aortne stenoze – Tamara Kovačević-Preradović Echocardiographic assessment of aortic stenosis severity • Liječenje pacijenata sa asimtpomatskom aortnom stenozom – Ljiljana Kos Management of asymptomatic aortic stenosis • TAVI u Hercegovini – Ivica Brizić TAVI in Herzegovina • TAVI kod aortne insuficijencije (ZOOM) – Benny Levenson TAVI for aortic regurgitation (ZOOM) • Prednosti hirurškog liječenja aortne stenoze – Petar Milačić Advantages of surgical treatment of aortic stenosis • TAVI komplikacije – Miloš Majstorović TAVI complications
14.25–15.10	**Ručak** Lunch
15.10–16.10	**Medtronic TAVI / Renalna denervacija** Medtronic TAVI / Renal denervation Moderatori i panelisti / Chairs & panelists: Tamara Kovačević-Preradović, Danijel Atijas • TAVI danas i u Republici Srpskoj – Željko Živanović TAVI today and in the Republic of Srpska • Renalna denervacija Selekcija pacijenata – Petar Otašević Renal denervation: patient selection • Renalna denervacija u Republici Srpskoj – Bojan Stanetić Renal denervation in the Republic of Srpska • Prikaz TAVI slučaja – Nikola Malešević TAVI case presentation
16.10-16.25	**Simpozijum kompanije Servier - Iza brahijalnog pritiska: centralna hemodinamika i arterijska krutost kao prediktori kardiovaskularnog rizika** Servier symposium – Beyond brachial blood pressure: central hemodynamics and arterial stiffness as predictors of cardiovascular risk Moderatori i panelisti / Chairs & panelists: Tamara Kovačević-Preradović Predavač / Speaker: Tamara Gnjatić-Studen

BLIKAR 2026

PRELIMINARNI PROGRAM / PRELIMINARY PROGRAM

13–14. novembar / November 2026 · Kuća Milanovića, Banja Luka

SUBOTA, 14. NOVEMBAR 2026. | SALA A

SATURDAY, 14 NOVEMBER 2026 | HALL A

16.25–17.30	**"Leaving nothing behind" - DCB u različitim scenarijima** "Leaving nothing behind" – DCB in different clinical scenarios Moderatori i panelisti / Chairs & panelists: Bojan Stanetić, Ivana Iveljić Uživo iz sale / Live from cath lab: Davor Vukadinović, Bojan Stanetić • Uvod. Da li je vrijeme da razmišljamo "DCB first"? – Bojan Stanetić Introduction: Is it time to consider a DCB-first strategy? • DCB u tretmanu ISR, kad je stent već napravio problem – Davor Vukadinović DCB for in-stent restenosis: when the stent has already caused a problem • Bolest malih krvn ih sudova - kada je manje metala više – Dejan Milašinović Small-vessel disease – when less metal is more • Bifurkacije i kompleksne lezije - možemo li ostaviti bifurkaciju bez metala? – Ivana Iveljić Bifurcations and complex lesions – can we leave the bifurcation metal-free? • DCB u velikim koronarnim arterijama - sadašnjost ili budućnost? – Irzal Hadžibegović DCB in large coronary arteries – present or future? • Završne poruke i diskusija – Bojan Stanetić Key takeaways and discussion
17.30–17.45	**Kafe pauza** Coffee break
17.45–18.00	**Simpozijum kompanije Alkaloid Prasugrel / Ticagrelor** Alkaloid symposium – Prasugrel / Ticagrelor Moderatori i panelisti / Chairs & panelists: Tamara Kovačević-Preradović • Simpozijum kompanije Alkaloid Prasugrel / Ticagrelor – Bojan Stanetić Predavač / Speaker: Željko Živanović
18.00–19.00	**Dijagnostika, klinički značaj i liječenje patentnog foramen ovale (PFO)** Diagnosis, clinical significance and treatment of patent foramen ovale (PFO) Moderatori i panelisti / Chairs & panelists: Tamara Kovačević-Preradović, Siniša Miljković, Novica Kalinić • Kriptogeni moždani udar – Nikola Dujaković Cryptogenic stroke • Ultrazvučna dijagnostika i kvantifikacija PFO – Sanja Stojković Ultrasound diagnosis and quantification of PFO • Radiološka dijagnostika PFO – Daria Mičić Radiological diagnosis of PFO • Medikamentozna terapija ili okluderi u PFO – Dijana Trninić Medical therapy versus PFO closure devices • Slučaj iz kliničke prakse – Tamara Gnjatić-Studen A case from clinical practice • Odjava Closing remarks

BLIKAR 2026

PRELIMINARNI PROGRAM / PRELIMINARY PROGRAM

13–14. novembar / November 2026 · Kuća Milanovića, Banja Luka

SUBOTA, 14. NOVEMBAR 2026. | SALA B

SATURDAY, 14 NOVEMBER 2026 | HALL B

11.00–12.00

Sestrinksa sesija 1

Nursing session 1

Moderatori i panelisti / Chairs & panelists: Areta Ognjenović, Biljana Hržić, Ljiljana Janjić

• Značaj uravnoteženog prihvatanja novih tehnologija uz istovremeno očuvanje temeljnih ljudskih vrijednosti u zdravstvenoj njezi kardioloških bolesnika – Areta Ognjenović

Balanced adoption of new technologies while preserving core human values in cardiac nursing care

• Uloga medicinske sestre - instrumentarke u sali za elektrofiziologiju – Nikolina Krčmar

The role of the scrub nurse in the electrophysiology laboratory

• Izazovi u zbrinjavanju pacijenata sa električnom olujom u jedinici intezivne kardiološke skrbi – Martina Vidak

Challenges in managing patients with electrical storm in the cardiac intensive care unit

• Uloga RTG tehničara u elektrofiziološkim procedurama – Stefan Čalakić

The role of the radiologic technologist in electrophysiology procedures

• Budućnost PFA tehnologije: od izolacije plućnh vena do kompleksnih aritmija – Miloš Todić

The future of PFA technology: from pulmonary vein isolation to complex arrhythmias

12.50–13.05

Kafe Pauza

Coffee break

13.05–14.25

Sestrinska sesija 2

Nursing session 2

Moderatori i panelisti / Chairs & panelists: Sanja Stojnić, Areta Ognjenović, Slađana Marčeta

• Razvoj interventne kardiologije u Banjoj Luci: od prve kateterizacije do regionalnog referentnog centra – Darko Adžić

Development of interventional cardiology in Banja Luka: from the first catheterization to a regional referral center

• Funkcionalna procjena koronarnih stenoza u savremenoj interventnoj kardiologiji - doprinos radiološkog tehničara – Slađana Marčeta

Functional assessment of coronary stenoses in modern interventional cardiology – the radiologic technologist’s contribution

• Uloga radiološkog tehničara u redukciji doze zračenja primjenom modifikovane metode pri snimanju desne koronarne arterije – Lejla Bešić Čirkin

The radiologic technologist’s role in radiation dose reduction using a modified right coronary artery imaging technique

• Izazovi i odgovornosti instrumentara i interventnoj kardiologiji . TAVI procedura – Sanja Stojnić

Challenges and responsibilities of the scrub nurse in interventional cardiology – the TAVI procedure

• Ruptura koronarne arterije u toku implantacije stenta - Prikaz sluičaja – Ljiljana Janjić

Coronary artery rupture during stent implantation – a case report

14.25–15.10

Ručak

Lunch
